

# S'mores

(makes 2 per person)

S'mores always leave you wanting 'some more'!

## Top tip

Use chocolate spread or a chunk of chocolate with plain biscuits for a super chocolatey treat!

## Ingredients

- 4 chocolate covered digestive biscuits
- 2 marshmallows

## Utensils

- Fire!
- A soaked wooden skewer
- Paper towels or a damp cloth (for sticky fingers and faces!)

## Method

1. Make sure your wooden skewer has been soaked in water to help stop it setting on fire. \*Beware - DO NOT use metal skewers as these will burn your hand when they get hot.\*
2. Toast a marshmallow in embers until it is golden and gooey.
3. Make a marshmallow sandwich using the gooey marshmallow and 2 chocolate covered digestive biscuits, making sure that the chocolate sides are in the middle.
4. Wait for a few moments for the heat of the marshmallow to melt the chocolate, then EAT!
5. Repeat steps 2 - 4 using the skewer from step 1.

\*Be careful - the marshmallow will be very HOT!\*
